

# Contents of Volume 4

## Number 1 March 1980

- 1 The NMR CAT Scanner—A New Look at the Brain *W. S. Moore, G. N. Holland, Louis Kreef*
- 10 Multiphase Demonstration of Spontaneous Portal-Systemic Shunts by Ultrasound and Computerized Tomography  
*F. C. Kim, S. J. Handler, R. M. Conroy, W. V. Glenn*
- 19 Sagittal CT Scans in the Evaluation of Deep Facial and Nasopharyngeal Lesions *Anne G. Osborn, Robert E. Anderson, S. Douglas Wing*
- 29 Linear Non-Movement Artefacts on an EMI CT5005 Body Scanner *Graeme M. Bydder, Louis Kreef*
- 38 The Role of Computed Methylamide Myelography in Evaluation of Extradural Extension from Vertebral Chordoma  
*Joseph L. Zito, Kenneth R. Davis*
- 43 Computed Tomography After Leucotomy *G. M. Bydder, L. Kreef, D. G. C. Owens, E. C. Johnstone*
- 48 Left Atrial Wall Calcification on Computed Tomography *Herzlia Hadar*
- 51 The Complementary Qualities of Radionuclide and Computed Tomographic Examinations of the Liver *Rolf L. Schapiro, Victoria Yiu-Chiu, Lee C. Chiu*

## Number 2 June 1980

- 89 Low-Attenuation Lesions in the Middle Cranial Fossa: Differential Diagnosis *R. Gayle Williams, Anne G. Osborn*
- 98 CT and Ultrasound in the Diagnosis of Cavernous Hemangioma and Lymphangioma of the Orbit *Kenneth R. Davis, John R. Hesselink, Richard L. Dallow, Arthur S. Grove, Jr.*
- 105 Computed Tomography of Fluid Collections within the Abdomen *L. Kreef, G. M. Bydder*
- 118 Computed Tomography in the Renal Transplant Patient: Problems in Interpretation *Richard D. Kittredge*
- 125 Computed Tomography in Primary Craniostomosis *Rasheed U. Adam, SeungHo H. Lee, Raymond C. Truex, Jr.*
- 132 Computed Tomography in the Diagnosis of Abdominal Abscess *Graeme M. Bydder, Louis Kreef*
- 146 The Resectability of Primary Liver Carcinoma: A Diagnostic Staging Review *Michael T. Hirtleman, Victoria S. Yiu-Chiu, Lee C. Chiu, Rolf L. Schapiro*
- 165 Bolus Infusion CT Enhancement as an Aid in Chemodectoma Diagnosis—Case Report *Donald P. Orr, Ziad L. Deeb*

## Number 3 September 1980

- 185 Contribution of Computed Tomography to Relative Costs in the Operative Management of Patients with Renal Cell Carcinoma *Thomas F. Meaney, Louis J. Vaccu, Joe H. Gallagher*
- 187 CT Findings in Multicentric Glioblastoma: Diagnostic-Pathologic Correlation *Krishna C. V. G. Rao, Abdul Itani, Enrique Salor, Walker Robinson*
- 193 Cardiophrenic Angle Nodules: An Unusual CT Finding of Advanced neoplastic Disease *Anthony Bledin, Michael E. Bernardino, Herman I. Libshitz*
- 197 Use of CT Scan in the Diagnosis of Abdominal Aortic Aneurysms *Lucian C. Buscaglia, Laszlo B. Fodor, Weldon W. West*
- 201 Current Cases & Concepts: Acalculous Hemorrhagic Cholecystitis *Victoria S. Yiu-Chiu, Lee C. Chiu, Victor J. Wedel*
- 207 Alveolar Soft Part Sarcoma *Franklin L. Angell*
- 209 Associated Lymphoma and Abdominal Aortic Aneurysm Demonstrated by Computed Tomography *L. Kreef, G. Bydder*
- 217 Angiographic and Computed Tomographic Correlation in Cerebral Venous Angiomas *Eric H. Soloman, Charles T. Bonstelle, Michael T. Mordic, Benjamin Kaufman*
- 222 Transverse Sinus Anomaly Simulating a Meningioma on CT Scanning *Krishna C. V. G. Rao, Prasad Devabhaktuni, Harvey L. Levine*
- 225 The Value of CT in Malignant Colonic Tumors *Jennifer Ellert, Louis Kreef*
- 241 Type IIIA1B Right Aortic Arch: Angiographic and Computed Tomographic Evaluation. *R. P. Eichelberger, S. I. Long, G. O. Maulsbey*
- 245 Tumor Calcification After Radiotherapy Demonstrated by Computed Tomography *L. Kreef, G. Bydder*

## Number 4 December 1980

- 253 The Role and Limitation of CT in Cranio-cerebral Trauma *Krishna C. V. G. Rao*
- 261 CT in Head Trauma: A Review *John N. Diaconis, Krishna C. V. G. Rao*
- 271 CT in Trauma at the Base of the Skull and its Complications *K. Ghoshhujra*
- 277 Computed Tomography in Child Abuse Head Trauma *Fong Y. Tsai, Chi-Shing Zee, James S. Apthorp, Gerald H. Dixon*
- 287 Delayed Sequelae of Head Injury *P. R. S. Kishore, M. H. Lipper, A. A. Domingues da Silva, S. K. Gudeman, S. A. Abbas*
- 296 The Role of Computed Tomography in Acute Head Injury *Thomas G. Saul, Thomas B. Duckert*
- 308 CT in Spinal Trauma *K. Ghoshhujra, Krishna C. V. G. Rao*
- 320 CT Demonstration of Pancreatic Transection: A Case Report and Comparison with Other Diagnostic Modalities in the Evaluation of Blunt Pancreatic Trauma *Richard Strax, Carl M. Sandler, Barry D. Toombs*
- 323 Computed Tomography of Hepatic Fracture: A Case Report *Edward N. Rauschkolb, Barry D. Toombs, Sumant Patel*
- 325 The Excessively Small Ventricle on Cranial Computed Tomography: Clinical Correlation in 75 Patients *Yong Ho Auh, SeungHo H. Lee, Joseph U. Toglia*
- 330 Demonstrations of Unsuspected Malignant Disease of the Pericardium by Computed Tomography *M. K. Wolferson, R. D. Grider, M. Sundaram, E. Heiberg, F. Johnson*
