# CLINICAL IMAGING

VOLUME 34, NUMBER 2, 2010

## *Contents*

---

### ORIGINAL ARTICLES

- 83 **Myocardial Bridging on Dual-Source Computed Tomography: Degree of Systolic Compression of Mural Coronary Artery Correlating With Length and Depth of the Myocardial Bridge**  
Shi-he Liu, Qing Yang, Jiu-hong Chen, Xi-ming Wang, Min Wang, and Cheng Liu
- 89 **Diffusion-Weighted MRI Evaluation of Breast Cancer Extension**  
Qiu Long-Hua, Xiao Qin, Yang Wen-Tao, Tang Feng, Shen Kun-Wei, Wu Bin, and Gu Ya-Jia
- 97 **Low-Cost Phantoms for Training of Stereotactic Vacuum-Assisted Biopsy of the Breast**  
Arne Fischmann and Katja C. Siegmann
- 100 **Multimodality Imaging of Usual and Unusual Sites of Metastasis Which Occur After Definitive Therapy for Rectal Cancer**  
Priya Bhosale, Janio Szklaruk, and Revathy Iyer
- 109 **Positive Correlation Between Serum Liver Enzyme Levels and Standard Uptake Values of Liver on FDG-PET**  
Chun Y. Lin, Hueisch J. Ding, Tsann Lin, Cheng C. Lin, Tsung H. Kuo, and Chia H. Kao
- 113 **Endometriosis Following Cesarean Section: Ultrasonography and Magnetic Resonance Imaging**  
Anja Randriamarolahy, Hubert Perrin, Jean Michel Cucchi, Françoise Fuerxer, Philippe Brunner, and Jean Noël Bruneton
- 116 **Imaging Findings of Femoroacetabular Impingement Syndrome: Focusing on Mixed-Type Impingement**  
Suk-Joo Hong, Won Yong Shon, Chang Yoon Lee, Jae Sung Myung, Chang Ho Kang, and Baek Hyun Kim
- 121 **Papillary Thyroid Carcinoma on Sonography**  
Quan-shui Li, Sheng-hua Chen, Hua-hua Xiong, Xiao-hua Xu, Zhen-zhou Li, and Guo-qiang Guo
- 127 **Positive Predictive Values of Sonographic Features of Solid Thyroid Nodule**  
Yoo Jin Hong, Eun Ju Son, Eun-Kyung Kim, Jin Young Kwak, Soon Won Hong, and Hang-Seok Chang

---

### CASE REPORTS

- 134 **Bilateral Thalamic Infarction—A Rare Manifestation of Dural Venous Sinus Thrombosis**  
Johannes Gossner, Jörg Larsen, and Michael Knauth
- 138 **CT and MR Imaging of Susac Syndrome in a Young Male Presenting With Acute Disorientation**  
Andrew M. Allmendinger, Vadim Spektor, and Sylvie Destian

Contents continued

- 143 Use of Diffusion-Weighted Imaging in Recurrent Central Nervous System Whipple's Disease: A Case Report and Review of the Literature**  
Amit A. Raheja, Yvonne W. Lui, Alberto Pinzon-Ardila, Ruth P. Lim,  
and Steven A. Sparr
- 148 Radiologic Appearance of a Bronchial Granular Cell Tumor With Secondary Obstructive Changes**  
Naoki Kutuya and Aoi Akiduki
- 152 Solid Pseudopapillary Tumor of the Pancreas in Children: Typical Radiological Findings and Pathological Correlation**  
Saad Al-Qahtani, Francois Gudinchet, Tarek Laswed, Pierre Schnyder,  
Sabine Schmidt, Maria-Chiara Osterheld, and Leonor Alamo

---

CASE REPORTS

**157 Case Reports**

---

BOOK REVIEWS

- 158 Cardiac imaging—direct diagnosis in radiology: Dx-Direct**  
Pietro Torricelli
- 158 PET and PET/CT — a clinical guide**  
Eugenio Borsatti
- 159 Problem solving in abdominal imaging**  
Antonio F. Govoni

---

ABSTRACTS

- 160 Abstracts**
- 164 Meetings and Courses**

---

*Cover photo:* Cam impingement in a 20-year-old man. Anteroposterior radiograph shows a bump appearance in the right femoral head-neck junction (arrow) and mild osteoarthritis. From “Imaging findings of femoroacetabular impingement syndrome: focusing on mixed-type impingement” by S.-J. Hong, W.Y. Shon, C.Y. Lee, J.S. Myung, C.H. Kang, B.H. Kim on pages 116–120 in this issue.
