

CLINICAL IMAGING

VOLUME 88, August 2022

Contents

BODY IMAGING

- 59 **Feasibility of half the recommended dose of IV contrast in DECT: image quality evaluation and diagnostic acceptability in cancer patients**
Mohammed Saleh, Bilal Mujtaba, Corey Jensen, Rizwan Aslam, Ahmed K. Elsayes, Vishnupriya Kuchana and Priya Bhosale
- 80 **Can high *b*-value 3.0 T biparametric MRI with the Simplified Prostate Image Reporting and Data System (S-PI-RADS) be used in biopsy-naïve men?**
Gang Wang, Gang Yu, Jing Chen, Guang Yang, Haixia Xu, Zegu Chen, Guoren Wang and Zhiming Bai

BREAST IMAGING

- 36 **A review of artificial intelligence in mammography**
Meghan P. Jairam and Richard Ha

CARDIOTHORACIC IMAGING

- 4 **Mortality estimation using APACHE and CT scores with stepwise linear regression method in COVID-19 intensive care unit: A retrospective study**
Pinar Ayyat and Seyda Kayhan Omeroglu
- 24 **Current imaging of PE and emerging techniques: is there a role for artificial intelligence?**
Lea Azour, Jane P. Ko, Danielle Toussie, Geraldine Villasana Gomez and William H. Moore
- 45 **Evaluation of interstitial lung disease: An algorithmic review using ILD-RADS**
Andrew M. Pagano, Tam Vu, Eugene A. Berkowitz, Brent P. Little, Michael Chung and Adam Bernheim
- 78 **Pulmonary cavitation in patients with COVID-19**
Edson Marchiori, Luiz Felipe Nobre, Bruno Hochhegger and Gláucia Zanetti

MUSCULOSKELETAL AND EMERGENCY IMAGING

- 9 **Extra-abdominal desmoid fibromatosis: Cryoablation versus traditional therapies**
Ceylan Colak, Collin Hull, Claus Simpfendorfer, Hakan Ilaslan and Michael Forney

NEURORADIOLOGY

- 17 **Altered thalamic functional connectivity and cerebral blood flow in insomnia disorder: a resting-state functional magnetic resonance imaging study**
Gang Huang, Yanyan Fang, Wenwen Zhang, Xiaoyan Su, Yuping Xie, Fengli Liang, Yanyan Gao, Yashan Lu and Lianping Zhao
- 53 **Cerebral angiography as a tool for diagnosis and management of idiopathic intracranial hypertension syndrome**
Antonio Montoya-Casella, William R. Vargas-Escamilla, Alejandro Gómez-Martínez and Alejandro Herrera-Trujillo

Contents continued

PATIENTS & PRACTICE, POLICY & EDUCATION

- 1 **What does it take to be the best university or hospital? Research is the key and money matters**
Charles I. Clarvit, Elliot K. Fishman, Edmund M. Weisberg and Steven P. Rowe
- 66 **Radiology trainee and attending satisfaction with virtual readouts during the COVID-19 pandemic**
Melissa F. Tannenbaum, Anuradha Shenoy-Bhangle, Alexander Brook, Seth Berkowitz and Yu-Ming Chang

VASCULAR AND INTERVENTIONAL RADIOLOGY

- 33 **Intraoperative uterine position reorientation during uterine fibroid embolization: a case report**
Joseph Sparapani, David O. Nauheim, Stephanie Spano and Marc H. Schiffman

CORRIGENDUM

- 87 **Corrigendum to “Ultrasound attenuation coefficient of the liver and spleen in adults: A preliminary observation” [Clin. Imaging 84 (2022) 140-148]**
Jing Gao
